MIDDLE TENNESSEE STATE UNIVERSITY

# Area 1A, Monohan Complex: We put the "A" in Awesome!

# Welcome to Monohan!!

Well hello there! This is Ashlie Daigle, your Area Coordinator (AC). I am starting my second year at MTSU and am stoked to be here in Monohan. Some of you may know me as their Area Coordinator last year in Corlew.

When I am not Area Coordinating, I enjoy reading, cooking, scrapbooking, socializing, pop culture, and Tivo/TV.

You may be saying to yourself, "Self. What the heck is an Area Coordinator?" Well, I am the full-time professional staff member that lives and works in the building. I am here to help YOU, and I am certainly not alone.

There are several residence life staff members in this area that do our best to serve you: Let me break it down.

DAs (Desk Assistants) work at the front desk (24 hours-a-day) and can do many things, such as loan cleaning supplies and give you the ever important lock-out key when you end up in the hallway, in a towel.

RAs (Resident Assistants) are undergraduate students that live on the floor and are your direct contact for assistance. Since they are also older students, they are GREAT to go to for advice or a listening ear.

Last, but certainly not least

we have the RD (Resident Director). An RD is a graduate student that lives and works in the building and has an office near the front desk, just like me!

Monohan isn't just a building with your stuff in it and the place where you sleep at night. This is your HOME where you make friends, have fun, and of course, do your homework!

We are glad to have you here and look forward to an AWESOME YEAR!!!

## Living Learning Communities: Huh??

Here at MTSU we in housing do our part to support your academics, after all, that's why you're here!

One way that we do this is through Living Learning Communities (LLCs). This just means that we connect MTSU academics to you! Residents are clustered in

buildings based on majors and interests. Here in Monohan we have the pleasure of hosting 6 LLCs: Aerospace, Diverse World/Diverse Arts, Music at Middle, Nursing, Pre-Professional Programs and WISE (Women in Science and Engineering).

Simply put, my staff will publicize and host events that address the needs of these students.

If these LLCs don't apply to you, have no fear! Students in Monohan will have all interests and majors and we will provide opportunities for all!
