## What can you expect as a Resident of Scarlett

Here at Scarlett Commons you can expect to have a great and productive year! We are here to help you enjoy your home away from home. Our first concern is that you feel safe. Just keep in mind, there are many people to help you. Let me tell you about our staff.

I am here, my name is Brandi Matthews and I am an Area Coordinator (AC). This means I am a full-time professional staff member. I live and work in Scarlett and I am here to help you with any of your needs. I am starting my second year at MTSU as an AC and I am happy to continue as an AC. My office is located in the clubhouse and I encourage you to stop by and say hello. I always have tasty candy and really love getting to know all of the residents of Scarlett.

Next, we are lucky to have Eboni Green. She is the Resident Director (RD) of our area. This means she is a graduate student who works very closely with me to ensure that you have a wonderful experience. This is also the second year Eboni and I will be working together but her third year as a housing staff member at MTSU. Her office is also located in our Clubhouse.

We also have 9 Resident Assistants (RA's); one per building. These are students who enjoy getting to know other students and will help you have a fabulous on-campus experience. They are here for your benefit and they help plan events and programs for you! This is a great way to meet the

other students at Scarlett and expand your college friendships. They are an excellent resource if you have a problem with a roommate or just want someone to talk to.

Another group of staff that you will see a lot of is our Desk Assistants (DA's). They will be in our the clubhouse 24 hours a day seven days a week. Our DA's are happy to help if you lock yourself out of your room or want to check out some of the equipment or games we have for your use.

Finally, we have the best custodial and maintenance staff around. They will help with any of your need if you dial 4116 on any campus phone line.

## Area Government

Area Government is here to make your experience at Scarlett Commons much more enjoyable! Our staff of 9 RA's will help with planning events such as Game Nights, Cook Outs, and themed parties. We have meetings once a week to discuss

specific issues concerning our area. Eboni, our Resident Director will be seen at our meetings every week to help with idea planning and the discussion of issues. We hold elections for President and Vice president and building Reps for Area Government

each semester. If interested inquire with your RA. We have this because of you!
