

The following individuals are MTSU Study Abroad Alumni who have also participated in an Internship and/or Work Experience abroad. Please feel free to contact them for some additional advice or just to learn more about their experience!

Name: Hannah Brooks

Email: hannahisabrooks@gmail.com

Study Abroad Experience: I studied abroad in Denmark Fall of 2007.

International Intern/Work/Volunteer Experience: After graduation, I taught English in Brazil for three months, South Korea for one year, and the Republic of Georgia for six months. I also interned with the State Department in Washington D.C.

Words of Wisdom: Have a plan for any emergencies that might happen while you're living abroad. Ask yourself, "If I were to need an ambulance or the police right now, what would I do? If I were to need to go to the doctor today, what would I do? If I were to need to fly home today, what would I do?" Figure things out before something bad happens.
