~ We do offer scholarships to non majors ~

- MTSU McLean School of Music offers attractive scholarship packages, which are available to all qualified music majors and minors.
- Scholarships are also available for talented students who wish to participate in ensembles.
- The MTSU music program prides itself on quality personal interaction between teacher and student. Three scholarship audition days are planned each year in order to accommodate the student's schedule. The playing portion of an audition will last around 10-15 minutes and will take place with the members of the MTSU Woodwind Faculty. Other events are scheduled throughout the day to inform students and parents about our music program.
- **In addition to your audition, if you are a freshman or a transfer student and have not yet taken any college level theory you will be taking a theory diagnostic exam to determine theory class placement.** (Transfer students who have already had college level theory will take their placement exam during transfer CUSTOMS in the summer or on the first day of classes.)
- ALL STUDENTS, majors or minors must audition for acceptance into the MTSU McLean School of Music and for scholarship award considerations.
- All non-majors, who are interested in scholarships for participation in ensembles at MTSU, are also required to audition.
- On campus auditions on our (pre-set) scholarship audition days are preferred because they provide a chance for the music faculty members to meet the student. This will give the student a better idea of the teacher(s) with whom he/she will work with as well as a chance to view the university facilities. Flute auditions may be prerecorded and sent by mail or scheduled on an alternate date only upon agreement between the instructor and student.
